

SPACECRAFT AND GSE HARNESSING

PRODUCT DESCRIPTION

Redwire's team of technicians have more than 80 years of combined experience in electronics and harness design, manufacture, assembly, and testing as well as PCB fabrication. Our team will manufacture and assemble cables and harnesses to your requirements to meet NASA specifications or the end user's requirements.

CAPABILITIES

- + Harness Analysis and Design
- + Manufacturing
- + Assembly and Test
- + PCB Fabrication
- + Spacecraft Integration and Installation
- + Security-cleared Personnel

NASA TRAINING AND CERTIFICATION CLASSES OFFERED

- + HNASA 8739.4 Cable Crimp and Harnessing
- + IPC-JSTD-001x with Space Addendum (hand soldering)
- + NASA 8739.1 Polymeric Application

Redwire make no warranty, representation or guarantee regarding the suiability of tips products for any particular purpose, nor does Redwire assume any liability arising out of the application or use of any produc or circuit, and specifically disclaimsany and all liability, including without militation appecial, consequencial, or by cutomer's technical experts. Redwire does not convey any license under it patent rights or other application by cutomer's technical experts. Redwire does not convey any license under it patent rights nor the rights of others. Redwire products are not designed, intended, or authorized for use as componets in systemsor any other applicacion in which the failureof the Redwire product could create a situation where personal injury or death may occur. Should Buyer purchaseor use Redwire products for any such intended or unauthorized application. Buyer shall indemnify and hold Redwire and its officers, employees, subsidiaries, and fittibutors harmless againts and all claims, cost, damages, and expenses, and reasonable attorney fees arising out of, directly or indirectly, anyclaimof personal injury or death associated with such intended or unauthorized stern and the optication of the application. Buyer shall indemnify and hold Redwire and its officers, employees, subsidiaries, and fittibutors harmless againts Redwire was negligent regarding the design or manufacture of the part. Redwire is an Equal Opportunity/Affirmative Action Employee. This literature is subject to all applicable copyright laws and is not resale in any manner.

ANALYSIS AND DESIGN

- + Create technical documents to specify connectors, harnesses, cable routing, strain relief, shielding, etc.
- + Flight-qualified parts and materials used to meet outgas sing and environmental requirements.
- + Finalize electrical design.

MANUFACTURE, ASSEMBLY, AND TESTING

+ Certified Technicians

- IPC-JSTD-001 (hand soldering)
- NASA 8739.4 (harnessing)
- NASA 8739.1 (polymerics)

+ Testing

- Hi-pot
- Continuity
- Isolation

+ Clean area for assembly and integration

- + Documentation
 - Traceability of all parts/components
 - · Assembly steps and inspection
 - Mil-standard wire and cables

+ PCB fabrication

• Hand assembly of boards/components

SPACECRAFT INTEGRATION AND INSTALLATION

+ Installation and Integration

- Clean room/area
- Testing after integration
- Large and small harnesses
- · Large and small spacecraft
- + Redwire or customer facility

This product is export controlled. Contact Redwire for more information.

HERITAGE + INNOVATION

Redwire is a new leader in mission critical space solutions and high reliability componets for the next generation space economy. With decades of flight heritage combined with the agile and innovative culture of commercial space platform, Redwire is uniquely positioned to assist its customers in solving the complex challenges of the future space missions. For more information, please visit **www.redwirespace.com**
